Only 10% (approx. 1,10,000) Medical seats in Indian Medical Colleges

Complex counselling process

Types of Counseling

All India Quota counselling including AIIMS & JIPMER (AIQ Counseling) – 15% All India Quota Seats in Government Medical colleges

Challenging Areas and Solutions

- **Category Benefit**

- **Problem**

- Many students belonging to special category (SC/ST/EWS etc) make many mistakes in this and miss the chance to take benefit of category
- Many students commit mistake in tracking previous year cut-off of own category

- **Solution**

- Carefully study the criteria of counselling and every state's eligibility
- Carefully keep track of previous years' cut-off of your own category

- **Different State Different procedure**

- **Problem**

- There are many open states from Medical Admission's point of view, where students of other states can also take admission in it's private medical colleges. Generally, many students miss the chance in absence of proper guidance

- **Solution**

- Keep track of every open state's counselling committee's website for proper information and notification

- **Choice Filling**

- **Problem**

- Most confusing is the choice filling process. Even after knowing the eligibility in the colleges, students get confused in giving sequence to the colleges during choice filling
